RESEARCH REPORT RUBRIC

J.Flint Baumwirt, Honors Chemistry, Granada Hills Charter High School/CSUN Math, Science and Technology Magnet 2009 Rev.

Name: _____ Date:_____Period:_____Score:_____

Name: _____

RESEARCH TOPIC:_____

LENGTH: 2 Within guidelines 1 Too brief/too long

*ANNOTATED BIBLIOGRAPHY: 4 Extensive 3 Adequate 2 Inadequate 0 Absent

*TURNITIN.COM REPORT: 2 Present-within guidelines 1 Present-limited info 0 Absent

Rubric Level	Content	Organization	Vocabulary	Mechanics and Usage	Direct Application	Appearance
4	Exhibits a thorough knowledge of appropriate content demonstrating completely the concepts, processes and facts specific to the task	Displays logical and explicit sequencing of ideas with smooth transitions (where appropriate)	Contains interesting, rich vocabulary Frequent correct and clear use of technical vocabulary	Contains no errors in mechanics or usage	Creative, useful and interesting application to real life	Typed with enhancements such as pictures, diagrams, charts or maps, etc.
3	Exhibits knowledge of the appropriate content demonstrating concepts and facts with the possibility of minor errors	Displays logical sequencing of ideas with reasonably effective arrangement and transitions	Include appropriate vocabulary Shows some interest and gain in topic information	Contains some errors in mechanics or usage but these do not interfere with meaning	Some application to real life made with some usefulness	Typed with some enhancements such as charts
2	Exhibits some content knowledge demonstrating some grasp of generalizations, concepts, and facts specific to the task, but shows some lack of understanding	Mixes relevant and irrelevant details with little sense of order and is difficult to follow	Uses flat, routine vocabulary Shows little gain or interest in topic information	Contains many errors in mechanics and usage that interfere with meaning	Some attempt made to relate topic to real life application with little or no usefulness or understanding	Typed
1	Exhibits little content knowledge demonstrating little or no grasp of generalizations, concepts, facts specific to the task	Contains some relevant information but much that is irrelevant or extraneous with no sense of order	Uses inappropriate vocabulary Or incorrectly utilizes vocabulary	Errors in mechanics and usage serious enough to prevent meaningful communication	Little attempt made to relate to real life application With no usefulness or understanding	Written with minor enhancements

Questions and Answers (minimum of 3)—Points: _____

**No grading/assessment will take place on this project unless the Annotated Bibliography and Turnitin.com report has been received and credited. If these components are missing a final score of 0/25 is to be expected.*
